

Preparing for Your Angel Guidance Session

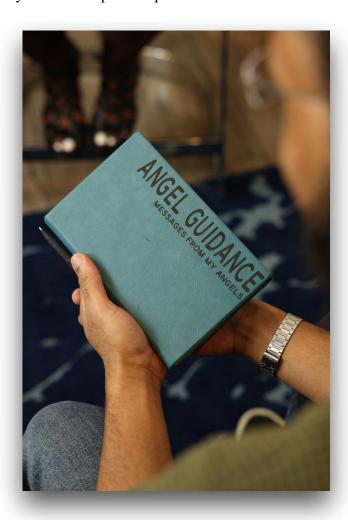

Welcome to your sacred time with our Angels. Before your session, it's important to create a space and energy to receive the loving guidance, clarity and healing they offer. Here are a few steps to help you prepare:

1. Clear Your Mind and Space

- **Get Still**: Spend a few quiet minutes right before your session (1 to 2 minutes) asking the Angels in your mind, "What is the most important question that I should ask?" Then allow it to come to you naturally in your session.
- **Set an Intention**: Focus on what you hope to receive from our Angels—whether it's clarity, healing, or a specific question.
- Your Space: Create a calm, distraction-free space where you will not be disturbed during your session.

2. Journal

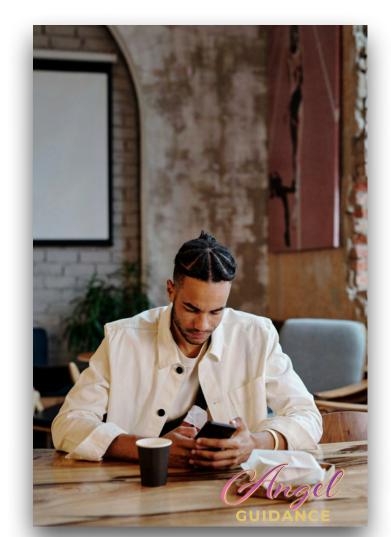

- Write down any emotions, thoughts, or questions you'd like to bring to the Angels. This will help to ensure that you stay focused during the session.
- Be sure to write your most important questions down first.

How Our Angels Assist

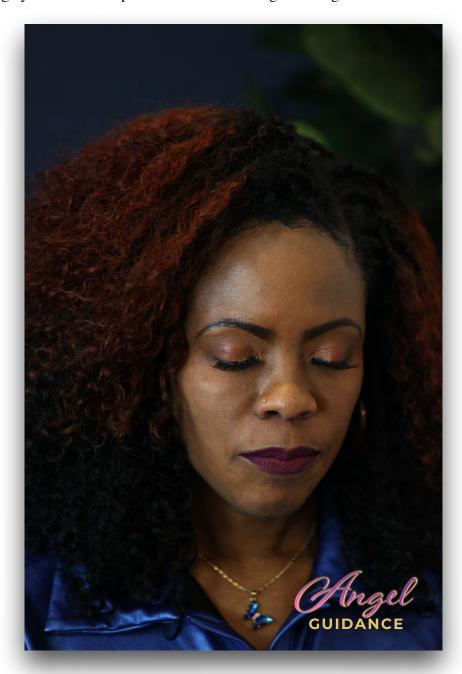

Angels are non- physical divine beings of love and light who are messages of God. They guide us towards our highest path. They assist in many ways:

- **Clarity & Insight**: Angels offer clarity when life feels confusing, assisting you with seeing the bigger picture and guiding you toward decisions aligned with your soul's purpose.
- **Emotional Healing**: They are powerful healers, assisting you in releasing old wounds, fears, or doubts that may be blocking your growth, success, health, happiness, or wealth.
- **Divine Guidance**: Angels provide gentle nudges and intuitive messages, helping you to trust your journey and feel more connected to your purpose when you are not having a session.
- Manifesting Desires: Angels will guide you with actions—things to do, say, or shift that will bring your energy into alignment with what you're calling in. This could be as simple as clearing your space, speaking your knowing, writing intentions, healing, or practicing gratitude. And they remind you that giving is a part of receiving. When you bless others—through time, kindness, wealth or generosity—you open a divine current that keeps wealth circulating back to you. The more you give from a joyful heart, the more you receive with ease.

Your Angel Session

- Connection: I go into a meditative state, where I close my eyes the entire time. Our Angels will communicate to you through me. They will answer your questions and share messages, advice, and guidance that are specifically meant for you.
- **Insight**: You will receive answers to your most pressing questions or concerns.
- **Healing Energy**: Angels often bring in healing energy, which you may feel as warmth, lightness, or a sense of peace and love.
- **Integration**: At the end you will receive your recorded session via email (be sure to check spam). While listening, please take notes and integrate the guidance received. I encourage you to trust the process and follow the guidance given.

After the Session: Have a dedicated notebook used exclusively for your sessions with our Angels. Make sure to journal about your session and any insights that arise afterward. Angel Guidance will continue to unfold, and you'll likely notice synchronicities and signs pointing you in the most beneficial direction.

Angels Know You Better Than You Know Yourself:
